

FABA TruCut EK-5610/EK-5620 Technical Data Sheet Cut Resistant Glove

FABA®

Product Description

This glove is designed for industrial hand protection and offers superior resistance to cuts. Manufactured using seamless HPPE, spandex, steel wire, and nylon yarn, the glove provides cut protection level C according to ISO 13997.

Its ergonomic and flexible structure minimizes hand fatigue, while the comfortable design eliminates pressure on the hands. The nitrile coating ensures long-lasting use and provides excellent grip on wet surfaces. Offering high tactile sensitivity and mechanical strength, the glove's knitted wrist design prevents dirt and debris from entering. Compliant with Regulation (EU) 2016/425, this glove is perfectly suited for tasks such as food cutting, wood carving, and working with sharp blades.

Product: FABA EK-5610 / EK-5620

Size: 8 (M), 9 (L), 10 (XL), 11 (2XL)

Knitting Type: Seamless HPPE, spandex, steel wire, and nylon yarn
